

Sector: Healthcare – Assisted Living

Case Study: Farnborough

The Challenge

This project involved a major refurbishment of 24 bed unit. Halfway into the project, the timescale was reduced by a month, meaning that exceptional project planning and programming skills were needed not only to complete on time, but to ensure that the quality of the workmanship did not suffer.

The Result

R&S achieved a complete refurbishment with an outstanding level of finish, both inside and out. Having completed a month ahead of schedule and, of course, kept to budget, we achieved in effect double the amount of bedrooms (as well as day space) in what was, time-wise, a standard programme. The team really pulled together to complete this challenge and are extremely proud of the visual impact of the building. Our client, stating that we'd achieved the impossible, then instructed us to fully refurbish a newly acquired care home – the 22nd care home project that we have undertaken for them within the last three years.

COST: 1.64m
TIMEFRAME: 8 mths reduced to 7mths
BUILD: refurbishment
